

VICTOR FELIX

Vice President

Mr. Felix has worked in the ADA since 2009. He began his work as a field inspector inspecting pedestrian pathways, crosswalks, APS signals, buildings and more. Through his continued efficiency and increased knowledge base, Mr. Felix has had a variety of experience of working on grievance intakes, completing inspections, and reporting. He has progressed to work on Self-Evaluations, Transition Plan coordination, and more. Mr. Felix is an impeccable wealth of ADA knowledge and is always happy to assist staff members with related concerns or questions surrounding ADA applicability.

Qualifications & Areas of Expertise

Mr. Felix's qualifications & areas of expertise include:

- Having demonstrated a minimum of three (3) years' experience revising pedestrian facilities within the public right of way for compliant with state and federal ADA requirements and standards
- Having demonstrated excellence in the investigation & documentation of access related barriers
- Having demonstrated excellence in understanding accessibility related regulations, guidelines, and building codes
- Having demonstrated excellence in understanding the complex theories related to principals of accessible design
- Strong ability to communicate effectively
- Having demonstrated the ability to work in a team environment while providing accurate and detailed technical information

Education & Certificates

Mr. Felix's education & certificates include:

- National ADAAC Accessibility Inspector Certification
- ITT Technical Institute (Computer Engineering and Electronic Technology)
- Cal-Casp certification training

Summary of Similar Work or Studies Performed

Mr. Felix has inspected & identified well over 1000+ access barriers for Caltrans. He has assisted in the resolution of hundreds of ADA Grievances and Access Requests. He has conducted many one on one interviews with requesters and district officials for the transmutation of information, enabling agreed upon resolutions which negate the need for costly litigation. Mr. Felix has worked at National ADAAC as a site-surveyor, Team Leader, and Access Specialist.
